Dear TAMUQ Faculty and Staff,

Thank you for your questions and input over the past week regarding the opportunities that will be available at both HBKU and through Texas A&M as we plan the transition. We wanted to share updated information regarding these opportunities.

Faculty and staff interested in opportunities at HBKU should submit their interest and questions directly to HBKU. Faculty should email a CV and current title to recruitment@hbku.edu.qa. Staff, including research support positions, should email a CV and current title to hbkuhr@hbku.edu.qa. All questions related to positions can be sent to the emails for both staff and faculty. TAMUQ employees will continue to be given preference and priority as an internal evaluation and alignment process is happening in parallel. If you already submitted your CV, HBKU has received it and is evaluating it.

For those interested in College Station opportunities, next week Texas A&M will begin rolling out HR workshops and a portal for both faculty and staff to express interest in coming to Texas. HROE will work with interested TAMUQ employees to help match each individual's interest and qualifications to available positions both at the university and across The Texas A&M University System for consideration. We plan to provide ongoing HR support throughout this process.

Texas A&M and QF continue to work collaboratively through the transition. We are working on a detailed Frequently Asked Question document to address many of the questions we have received and will share that when it is complete. Thank you for your continued efforts, and we will keep you updated.

Thank you,
