Dear TAMUQ Faculty and Staff,

TAMUQ and QF continue to work together to plan the transition and make decisions about the transition jointly. Over the past several weeks, the TAMUQ Transition Team has been working diligently to provide QF with the necessary information regarding staffing plans to ensure the high quality of education Aggies expect over the next four years. Earlier today, the TAMUQ Transition Team provided some additional documentation to the QF Transition Team to support that effort. We hope to have a meeting in the near future to discuss the plans and advance some key decisions.

In the meantime, we have prepared, in collaboration with the QF Transition Team, a [Frequently Asked Questions for Faculty and Staff document](#) that we will continue to update over time. The document is available on the [transition webpage](#). The information is accurate as of the date on the document and will be updated when new information is available. As you have additional questions, please submit them to [tamuqtransition@tamu.edu](mailto:tamuqtransition@tamu.edu).

Each time the TAMUQ and QF transition teams meet and reach new decision points, we are sharing information jointly with all of you. We will continue to do so as the transition staffing plans are reviewed and finalized.

We thank you for your patience and understanding through this process, and we greatly value your daily contributions to provide our students with an incredible education while conducting meaningful research. Your efforts are part of the lasting legacy of TAMUQ, long after the doors close.

Sincerely,

N. K. Anand, Ph.D.
