

# ITHRAA

## WEBINAR SERIES

The Center for Teaching and Learning (CTL) is delighted to announce "Ithraa'," a webinar series comprising interactive, weekly sessions open to all students in Education City.

Ithraa' in Arabic means "enrich," which reflects CTL's strong commitment to developing leadership and technical skills of our students beyond the core engineering curriculum essential for their careers. This year's Ithraa webinars are centered on essential leadership and managerial skills and will be facilitated by international professional development experts.

Education City students from diverse backgrounds will connect via virtual classrooms to actively learn and discuss professional development topics, share experiences, and reflect.

The webinars are open to all EC students, so please share this initiative among your EC network and encourage your colleagues and friends to join us.

*If you have any comments or suggestions, or would like to learn more about the Ithraa' webinar series, please contact CTL's Lana El Ladki, [lane.el\\_ladki@qatar.tamu.edu](mailto:lane.el_ladki@qatar.tamu.edu).*

### **SIX PRINCIPLES FOR CAREER SUCCESS**
