

	Student Name	Presentation Title				Judges / session	
Section A Room 115				First name	Last Name	Company	Job Title
1	Abu-Nada, Abdulrahman Husni M K	Effect of hydraulic Fractruing on Production	Assigned judges for all students at this session are:				
2	Attar, Fares Tamim	Dukhan cementing project		Sanjay Kumar	Singh	Qatar Petroleum	Senior Petroleum Engineer
3	Al-Kawari, Abdulrahman Mohammed	Enhanced Oil Recovery		Effiong	Okon	Qatar Shell	Manager North Field Wells and Reservoir
4	Al-Sulite, Hassan Khames H K	Water flooding patterns		Siavash	Sepehri	Schlumberger	Reservoir Engineer
5	Fakhroo, Mohammed Sultan A O	Role of mud wieght in drilling		Reda	Amrani	Maersk Oil Qatar	Production Technologist
6	Almarri, Salem Saleh A A	Literature review		*Reda	Aziz	Al Shaheen Weatherford	Project Eng.& Technical Sales Eng.
7	Batir, Mena Mohsen	Dukhan cementing project					
Section B Room 209				First name	Last Name	Company	Job Title
1	Alam, Kazi Sabrina	Applicability of Managed Pressure Drilling in Qatar: an assessment of MPD's ability to decrease NPT and ILT	Assigned judges for all students at this session are:				
2	El Wardany, Yassine Moustafa	Open hole conditioning for 8-1/2 inch section using wiper and mud paddle trips		Mohsen	Yavari	gulf drilling international	drilling engineer
3	Soliman, Amr Ashraf Tawfik Mohamed	Formation Evaluation Using Modular Dynamic Tester		Salah	Alkubti	Gulf Drilling International	Onshore Manager
4	Al-Jubouri, Mohammed Jumaah	An Experimental Investigation of the Effects of Ultra-High Pressure and Temperature on the Rheological Properties of Water-Based Drilling Fluids		Nadir	Mahjoub	Halliburton Worldwide Limited	Senior Country Manager
5	Al-Shareef, Mohammed Abdulla M	Drilling Challenges in Qatar and the Middle East		Dirk	Valstar	Schlumberger	Production Logging Domain Champion
6	Hijab, Mouhammad Sami	Drilling Problems in Qatar					
Section C Room 210				First name	Last Name	Company	Job Title
1	Ahmad, Madiha	Investigation of CO2 injection in gas condensate reservoirs	Assigned judges for all students at this session are:				
2	Al Touqi, Shaymaa Said Amur	CO2 EGR in a gas condensate reservoirs		Antonio	Cuero	Maersk Oil Qatar	Senior Production Technologist
3	Khader, Celine Samir	Stimulation of CO2 Huff and Puff		Mansur	Zhakupov	Total E&P Qatar	Reservoir Manager
4	Al Kindi, Nawal Salim Mohamed	Condensate Banking, Increasing CO2 to decrease phase envelope pressure		Dr. Pascal	Cheneviere	Total E&P Qatar	Technical Manager Total Research Center Qatar
5	Kapoorwala, Danyaal Saleem	Visualisation & charactrisation of carbonate reservoirs		Hani	Hussain	QATARGAS	Reservoir & Production Manager
6	Prestidge, Kelsey Lynn	Visualisation & characterisation of carbonate reservoirs					
7	Ali, Maaz Intezam	Shale Fracturing in USA					

Section D Room 211			Assigned judges for all students at this session are:	First name	Last Name	Company	Job Title
1	Al Kadhi, Firas Sabah	water flooding patterns					
2	Al-Waily, Mustafa Badieh Abduljabar	Multiphase Flow Correlation Applied to Al-Khaleej Field Horizontal Pipeline					
3	Hassaan, Ahmed Sameh Ibrahim	Vacuum Technology		Denis	Malakhov	Maersk Oil Qatar	Reservoir Engineer
4	Soelem, Radwa Attia Abou Attl	Production of hydrogen from methane cracking		Foppe	Visser	Wintershall Holding GmbH	Head R&D
5	Al-Qatami, Manar Ismail M A	Measuring Wettability using Contact Angle of Carbonate Reservoirs		Robert	Stubbs	Qatargas	Mgr Project and Facility Engineering
6	Nosseir, Ahmed Mohamed Ahmed F	Water flooding patterns					
7	Dakik, Ahmad Rafic	Wetability					
Section E Room 212			Assigned judges for all students at this session are:	First name	Last Name	Company	Job Title
1	Al-Saiqal, Anesa Ali J M	Gas lift					
2	Al-Emadi, Amara Ahmad M A	Acid stimulation		M Aiman	Fituri	Schlumberger	Well Integrity Domain Champion
3	Al-Emadi, Fatima Ahmad	Decline Curve Analysis		Carlos	Troconiz	Qatar Petroleum	Reservoir Engineer
4	Al-Hitmi, Ruqaya Hassan A M	Well Integrity		Elin	Haryanto	Schlumberger	Reservoir Production Engineer
5	Al-Said, Sara Abdulrahem S A	Oil Recovery: Dump Flooding vs. Powered Injection		Kassim	Habib	Qatar Petroleum	Sr Geologist
6	Jemaishi, Mona Ibrahim M O	Gas lift					
7	Al-Mohammadi, Anwar Talal S S	Horizontal well					
Graduate Section Room 116			Assigned judges for all students at this session can attend any morning session after the graduate session ends at 11:00				
1	Uchenna Odi	Fractional Flow Analysis for Enhanced Gas Recovery		Dr. Ashok Kumar	Vellimana	RasGas Company Limited	Head, Subsurface Technical Planning-Development
2	Iman Najafi	Mechanical Wave Induced Fluid Percolation Through Porous Media		Dr. Mohamed	HAOUCHE	TOTAL	Project Leader
3	Bestramy Santoso	Wettability Alteration what worked and what didn't		Mr. Erec	Isaacson	ConocoPhillips	President Qatar BU
4	Abdalla Al Sada						
Juniors Section Room 116			Assigned judges for all students at this session can attend any morning session till the junior session starts at 11:00				
1	Kimberly Dechaud	Oil Tests Will Determine the Most Effective Sorbent for Oil Spill Mitigation		Mohammed	Chunara	Maersk Oil Qatar	Reservoir Engineer
2	Andrea Ayala	Studying the effect of acidizing on carbonate core samples".		Paul	Cavey	RasGas	Acting ITD Manager
3	Isaac Cole	The Water Wet Project		Mona	Al-Jaber	Qatar shell	Reservoir Engineer
4	Chi Yao	Shale Gas And Hydraulic Fracturing		Mohammed	Chunara	Maersk Oil Qatar	Reservoir Engineer
